MEMORANDUM FOR 32d AAMDC

SUBJECT: Holiday Safety Message

1. The holiday season will bring Family and friends together in celebration. This festive season is also a time to give thanks for the special people and events in our lives. Take time this holiday season to enjoy your loved ones and thank them for their friendship and support. Take a special moment to remember our comrades, past and present, and those not at home this holiday season. Whether you remain in the local area or travel afar, enjoy your well deserved rest and make safe and sound decisions.

2. Many travel during the holidays, including our Soldiers and their Families. Ensure leader involvement with the inspection of POVs, counseling, sound risk assessments, and use of the Soldier Leader Risk Reduction Tool (SLRRT). Focus safety briefings on driving safety, seatbelts, winter weather conditions, and alcohol awareness. The holiday season is a celebration of old traditions and new starts. It is a celebration of our freedom and one that should not be taken for granted. Ensure that our Soldiers enjoy it safely and that our leaders remain engaged.

3. Once again, have a safe and enjoyable holiday season and keep our deployed Soldiers and their Families in your prayers. If you can, I ask that you open your home to Family members of our deployed teammates or Soldiers who are separated from Family. Enjoy your well deserved holiday!

SWIFT AND SURE!
