

STOP SECURITY LEAKS.

The adversary is looking and listening.

DO NOT:

- Leave sensitive or critical information laying around your unattended desk.
- Discuss sensitive information in public areas where it can be overheard.
- Post photos on the internet that could be misused or misinterpreted.
- Post personally identifiable information on social networking sites.
- Leave discarded sensitive or critical information intact, shred it.

DO:

- Know your critical and sensitive information and protect it.
- Understand that the adversary knows how to collect information.
- Know that you have a responsibility to protect Army information whether it is about personnel, facilities, equipment or mission.
- PRACTICE OPSEC AT ALL TIMES!
