

NEVER LEAVE A FALLEN COMRADE

A fallen comrade is not only found on the battlefield, but can be found all around us. Fallen comrades can be those Soldiers who drink and drive, who don't wear their helmets while riding their motorcycles, who don't buckle up or even those who are feeling depressed and need help. Don't turn your back on these fallen comrades, don't leave them behind. Engage; protect our Army members...and our combat power.

NEVER LEAVE A FALLEN COMRADE

SAFETY
